IL Tech Cybersecurity

Welcome to the Cybersecurity channel. To ensure Illinois Tech upholds high standards around protecting personal data and university records as well as upholds federal law, the diligence of everyone in the community is needed. This channel houses information about data risk management including topics on creating effective passwords, phishing, laptop security etc....

Mandatory Cybersecurity Training

- **Course Catalog**: ability to search for and view course schedules, offerings and credit hour details.
- **Financial Aid**: provides students instant access to their financial aid status along with the ability to accept or reject awards.
COMPUTER LABS & PRINTING

Computer Classrooms/Labs
– Nine (9) large computer labs are provided on the Mies Campus for student use. All of these can be used as classrooms that are available for your use when a class is not in session.

Kiosk Computers
– Computers are scattered throughout campus for students’ use in residence halls, academic buildings and the MTCC for student use

Galvin Library Devices
– Laptop computers and hotspots are available for checkout in the library. They may be used anywhere on campus for limited hours.

Virtual Computer Lab (VCL)
– OTS provides a VCL for many classes so you don’t have to visit a lab. You can access certain software from any location at any time from your own device.
– Ask your instructor if you would like to use VCL.

Services Available
– Academic Software
– Printing Stations and large scale plotting
– Scanners

Printing
– Located in most academic and residential buildings
– How to print:
  – Direct printing from labs and kiosk computers
  – Remote printing from you own PC/Mac and VCL
  – Mobile printing from your tablet or smart phone
Keeping Your Technology Safe

• Never share your password with anyone.
  – No one at Illinois Tech will ever ask you for your password.

• Do not share copyrighted materials or download anything illegal.
  – It violates our Code of Conduct and federal laws.
    The consequences are serious!

• Keep your operating system and browsers up to date
  – It will help prevent you from getting and spreading malware.

• Install anti-virus software

• Don’t do anything that interferes with anyone else’s ability to use
  the university’s network and systems.
  – Be a good member of the campus community.
    We recommend turning off Bluetooth if you aren’t using it.
Need Help?

• OTS Website:  http://ots.iit.edu

• Access the “Training & Support” tab in myIIT

• OTS Support Desk:
  
The OTS Support Desk is here to help you and can be reached in any of the following ways
