

Event Reservation & Pricing Guidelines

Office of Event Services (ES), a division of Marketing and Communications, is a resource and partner in planning and producing thousands of events annually. This document will explain ES pricing policies and guidelines pertaining to reservation of IIT facilities.

Organization Type

Organizations holding Events at Illinois Institute of Technology (IIT) facilities fall into three categories: University, External, and External with University Sponsorship.

University — An IIT organization, office, college, department, division, institute, or center. For policies pertaining to student organization, contact the Office of Campus Life (*Phone: 312.567.3720 or Email: campus.life@iit.edu*).

External — A non-University business, organization, group, or individual.

External with University Sponsorship — A non-University business, organization, group, or individual that is sponsored by an IIT organization, office, college, department, division, institute, or center.

External with University Sponsorship Criteria and Guidelines

Illinois Institute of Technology receives requests from many University clients seeking sponsorship for an external group. ES will evaluate all sponsorship proposals on a case-by-case basis, taking into consideration the following criteria and rules for approval:

- Alignment with IIT values and mission.
- Alignment with IIT sponsoring department's mission.
- IIT existing sponsorship commitments and budgetary constraints.
- IIT facilities commitments.
- ES is unable to proceed with requests that do not fit within the sponsorship guidelines.
- Approved sponsorship cannot be guaranteed from event to event within the same academic calendar year and from year to year.
- ES will not take on the role of the sponsor in any case.
- Events sponsored by a university department will not be planned or produced at a cost to the ES.

University Sponsor's Responsibilities

- **Event Planning:** The University sponsoring department is required to coordinate the planning of the event with ES.
- **Contract Processing:** The University sponsoring department will be involved in the drafting of the Facilities Use Agreement (FUA). The University sponsoring department will approve the FUA and approve any addendums.
- **Production:** At least one representative from the University sponsoring department must be present at the event. The University sponsoring department will be responsible for holding the client to agreement terms before, during, and after the event, as well as approve any changes that impact event cost.
- **Financial Responsibility:** The University sponsoring department will be required to provide a minimum contribution of 50% or \$500 whichever is less towards the total usage fees per event reservation. University sponsoring department will be required to place a FOAP on file with ES at least 5 business days prior to the event date to confirm the reservation. Any charges not paid within one week after event will be charged to the FOAP on file.

Pricing Structure***

Item	External	External with University Sponsor
Space rental fees	List Price	75% off List Price
Audio Visual	List Price	50% off List Price
Catering	See Catering Guide	See Catering Guide
Linens	List Price	50% off List Price
