General FAQs for students currently living on campus with a 12 Month Contract

Students who are not currently living on campus or who do not have a 12 Month Contract should click HERE for the general summer housing FAQs.

➢ Do I need to be enrolled in classes to live in housing during the Summer?
  o Most students who live in housing for the Summer are taking classes or doing an internship. However, all Illinois Tech students are able to live in Summer housing regardless if they are enrolled in classes for the Summer.

➢ When does my Summer housing start and end?
  o As a 12 Month contract holder, you are considered as being in housing for Summer Session D, which runs from May 20 - August 10, 2018. Since you currently live in housing, you will not need to move off campus prior to the start of your summer contract. However, you may be asked to move to your summer housing between May 6 – May 20, 2018. Communications about this process will be sent to your Hawk email in late April. Students will typically receive 48 hours of notice to complete their move.

➢ What buildings are available for Summer housing?
  o 2018 Summer housing will be in the McCormick Student Village (MSV) or in Carman Hall. Students may choose to live in either building as there are no class standing or age requirements for the Summer. You will be able to designate your building and room type preferences when you complete the Summer Room and Board Contact.

➢ What is my Summer rate as a 12 Month Contract holder?
  o Your Summer rate is considerably lower than other Summer students. Please see below.

<td>$900</td>
<td>$900</td>
<td>$1,050</td>
</tr>
</tbody>
</table>
Am I required to enroll in the Summer meal plan?
- All students living in MSV must be enrolled in at least the Summer 10 meal plan. If a plan is not selected at the time of the Room and Board Contract completion, a student assigned to MSV will be automatically enrolled in the Summer 10 meal plan.

What are my Summer meal plan options?
- See the summer plans below. Please note the spring 2018 meal plan ends with dinner on May 5, 2018. There will not be a meal plan offered from May 6 – May 19th. The summer meal plan ends with dinner on August 9th.

I hear that students who complete their housing contract by March 30th may receive a partial credit towards their meal plan. Do I qualify for that?
- No. The 12 Month contract holders are not eligible for the summer meal plan credit as the 12 Month room rates are already competitive.

What happens if I currently live in a building that is not opened for Summer housing?
- Summer 2018 housing is only available in Carman and parts of MSV. If you live in Gunsaulus or SSV, you will need to move to either Carman or MSV. Assignments will be made on a first come first serve basis.

Where in MSV will Summer students be housed?
- We are currently working with the Facilities team to determine which hall(s) in MSV will be open for Summer students.

I currently live in MSV, can I stay in the same room for the Summer?
- It depends on where you live and what areas are designated for Summer housing. We will communicate locations to you at a later time.

As a 12 Month Contract holder, can I switch my building for the Summer?
- You can indicate your building preferences (Carman or MSV) when you complete the Summer Room and Board Contract. We will assign you on a first come first serve basis and charge the appropriate rate listed above.

I plan to live in housing for the Summer and the 2018-19 academic year. Can I move to my fall assignment for the Summer?
- If that is possible, we will assign you to your Fall housing in the Summer. If we are not able to place you in your fall room assignment during the Summer, you may be asked to move into
your fall assignment earlier than the end of your Summer contract term. In rare instances, we may have to temporarily reassign you to a space if the one you occupy needs to be ready for a first year student moving in in August.

- **I understand that I do not need to move off campus prior to the official start of my summer contract. However, I have to leave for a few weeks of vacation right after the spring semester ends. What do I need to know?**
  - If you will be away in May, you will most likely need to move to your summer housing prior to you leaving. Please email us at housing@iit.edu to let us know of your plan. You may be asked to move to your Summer housing or to temporary room between May 6 – May 20, 2018. Communications about this process will be sent to your Hawk email in late April. Students will typically receive 48 hours of notice to complete their move.

- **I DO NOT plan to live on campus for the 2018-19 academic year. What should I know?**
  - If you do not plan to live on campus for the fall, you may be moved to a temporary room in late July until the end of your contract term. We will make every effort to accommodate your needs but the temporary move is necessary in order for us to prepare the space for students arriving in the Fall. Students living in Carman Hall for the Summer are more likely to be relocated to MSV.

- **Will I receive compensation if I have to be temporarily moved?**
  - Unfortunately, we will not be able to provide compensation as the low Summer rates are already very competitive. We will make every effort to accommodate your needs as much as possible.

- **How can I complete the Summer Room and Board Contract?**
  - The Summer contract may be completed in myRoom.iit.edu

- **When should I complete the Summer Room and Board Contract?**
  - The contract should be completed as soon as possible. Assignments will be made based on first come first serve basis. *Students who submit their contract by March 30th and sign up for a meal plan, will receive a credit for the first two weeks of the plan.*

- **When will I receive my Summer housing assignment?**
  - Assignments will be communicated to students via their Hawk email in late April.
